

PaperCrypt Passphrase Sheet

To create a passphrase or password with this sheet, start by choosing words on this sheet, preferably following these guidelines:

- 1. Choose between 6 and 24 words,
- 2. Do not choose words in order.

You can regenerate this sheet using the seed printed at the top of each page, which is also encoded in the Data Matrix at the top.

1 amuser	² magnitude	³ halved
4 roast	5 tapping	6 pegboard
7 acutely	8 aspirin	9 stoppage
